It was a great joy to know Dalton. When we would talk, it was like sitting down and talking to my grandpa and going back in time. He had many wonderful stories to tell. He talked about everyone in his family, the places they lived, the trips they took and the places they worked. When he told these stories, I felt like I was right there. Dalton had a great sense of humor that he shared with all of us at the Primary. Dalton always had an encouraging word to make me feel better if I was having a not so good of a day. I will miss him very much. May God bless each one of you and give you the strength and the peace that you need right now and always. With Love; Melanie Hearnberger-Custodian/Co worker @ S.H. My deepest sympathies are with you all. Dalton will be greatly missed. He would always be in the same place each day when I got to school, which was at the side entrance doing his job and smiling and greeting everyone as they walked in. Wow, what a wonderful man he was! He and I had the opportunity to spend a lot of time together since I do the computer technology and I am on my own schedule. He loved talking about his wife, family, and grandchildren. I looked to him as a grandparent figure since I no longer have any. I just cannot say enough about him, except that he will be greatly missed, especially that warm smile.
