Dad, I just wanted to let you know how very, very much you are missed in my life. I miss the laugh, the smile, and just your good sense of humor. You taught me so much about life and gave me the confidence to spread my wings and fly. I watched as you gave so much of yourself to others. You always had the biggest heart in Texas. One made of solid gold. Because of what you taught me, I volunteer, lending a helping hand where I can. Tony says that is one of the best things I got from you, to help others. I remember all the people you helped over your lifetime. You gave people a place to live and work when they had nothing. You helped so many young people along thier paths. You are without a doubt one of the most special people God put on this Earth. My life was so much better because you were a major part of it. Thank you for your love. You are so missed by Kristin, Kellie, and Tony. I love you now and forever. You will always be my father! With all my love.##imported-begin##Faye Sahagian##imported-end##

Papa, There isn't very many words I can find to say that I miss u dearly. Each and everyday I sit back wondering if your looking down on me, and I tell my self everyday that you are in a much better place. but its so hard. So hard not having you here. Seeing your smile every morning and you saying "Good Morning WeeWee." or just sitting in the living room watch t.v with you. I miss it so much, but I know that one day I will be right there with you. and u can tell me once again "Good Morning WeeWee" and we can sit together and watch t.v,it doesn't really matter to me as long as IM with u once again. Love Always, Ashley WeeWee###imported-begin##Ashley WeeWee###imported-end##
