I knew Betty through our work at Presley Oil. She was such a sweet & dear lady and was a joy to talk to on the phone. We spoke on the phone more than we spoke in person. One memory I want to share is the year Cindy had her employees at Judson Road dress up for Halloween. Reluctantly, Betty donned her clown costume. I carried my 3 year old daughter by to see Betty at the store. My daughter was so excited-I still have a picture somewhere of Betty squatting down beside Marcy-both in their Halloween costumes. I love you Betty and you will be missed by so many.###imported-begin###Ann###imported-end##

We would like to thank Betty for giving us a very special sister and friend. Trisha means so much to us! We know that Trisha will miss her mother very much. And we pray that the Lord will comfort her in a time of her great loss. Our deepest sympathy and prayers go out to Betty's children. We know that her children loved her very much! She was a great mother and grandmother. And we are sure that she was a very special friend to many. Betty was always kind to us. May the Lord strengthen those who miss her so much in the days to come.##imported-begin##Patty and Faith Marie Crawford##imported-end##

I miss you so much mamaw you were my strength when i was weak and i miss you! there is so much going on in the world i think god took you so you wouldn't have to see it. the war is getting horrible and people are getting rude. I am not sure if it is just me or what but the other night i had this dream and we were in your viewing room the door was shut and i was the only one in the room. i tried to get out but the door was locked so i sat on the couch. then the door opened so went over to your casket to tell you bye and give you a hug. when i bent down to give you a hug your eyes opened. i screamed and woke up....then i fell back asleep and we were there having a peaceful conversation and you were telling me that you were ok and that the funeral was beautiful. you also told me that jesus was waiting for me and i would be with him one day just not anytime soon. then you got in your casket closed your eyes and i walked out. I guess that is your way of saying youre ok and you still are with us because that is what i thought of it. well I guess i will let you stop reading this up there in heaven!~~\*I LOVE YOU\*~~ Your granddaughter,

Dear sister, I don't know why He had to take you so soon, maybe Momma and Daddy needed some company. but I know one thing I'm going to miss you terribly. You know the only reason I got this computer was so I could talk to you everday, now I can't anymore. I don't know what we will do now, you were our rock we always counted on you in our trying times now we can't anymore, so what are we to do? I love you very much and I'm missing you terribly, there is this big hole in my heart that will never be filled now that you are gone, but one day I will see you again, untill then tell everyone up there Hi for me.##imported-begin##Katie Dear##imported-end##
