Tony you are a very special person in my life. Growing up my favorite thing about visiting Granny and PaPa was knowing you were going to be there. You were more like a brother to me, than an uncle, we spent alot of time together when we were very young. My youngest memory was you and I playing war against Phillip and Chad, only Phillip cheated by using his crutch to hit at us because he couldn't walk, I don't remember who won or if anyone did but it seem to last a lifetime and we had alot of fun. I remember you catching the curtains on fire trying to kill a spider with a lighter. I remember your rat named "Ben", and I bought my kids a rat because "Ben" was so cool. I remember you taking my girlfriend and I to the movies with you and your girlfriend when you were in high school, and I thought you were the greatest for doing that. I remember partying and hanging out at the end of my Senior Year. You touched so many moments in my life, that made such a big difference to me. I loved how you loved your mom and always took care of her and everything that was needed. I loved how your laughter and your smile could lift up everyone in the room. You made everyone feel cared for and you always help everyone who needed you. We had some really fun and great times together. I am thankful for all the joy you brought to my life and for always making things better when you were around. Although my heart is hurting that your light does not shine with us here, you hold a special place in my heart that memories will never forget.I Love You Always, Michele##imported-begin##Michele Nelson##imported-end##
