I got an email today that Lettie had passed away but no details and I started searching - it was not until I saw the date that I realized it had been last November - It is weird because I have had several happy dreams about Lettie in the past few months when she and I would sit around the coffee pot and fix the problems of the world - she was the most amazing God filled and special woman I ever met and I still owe my sanity to her words of wisdom and faith during some of the darkest times of my life - I hate that distance and life got between us as she was one of the only true friends I have ever known - I love you all and hurt for your loss more than you can ever know - You all were a second family to me and the boys and we love you - Mike, Reagan Lucas & Brandon##imported-begin##Reagan Coble##imported-end##

Words cannot express how sad I was to learn of Lettie's passing. She and I took our C.L.A. together - two very intense days of testing and we spent every free moment of it together. She was a truly special person that we can be sure is with our heavenly Father. My prayers will be for your family's peace.##imported-begin##Dede Hight##imported-end##

Kevin and family -I just found out about Lettie's passing this morning. I am so sorry. I worked with her at Randy Akin's office when I was in high school. She was a walking testament of God's goodness, and I remember how she often encouraged me. Just this morning, I passed the funeral home not knowing it was her service, but I prayed as I went by that the Lord would give the family the peace and comfort that passes all earthly understanding and that His arms would hold you during this time. She was a wonderful lady and gave all of herself for your family and her beliefs. She will be greatly missed - but I am thankful for the big role she played in my life as a teenager. God bless you all!##imported-begin##Stacy Sapp##imported-end##
