Momma, I can't believe it's been almost a year. Wow I miss you so much. I give anything to hear you say let's go for ice cream or smell you burning popcorn. Everything I do reminds me of you. I love and miss you and would give anything for one more hour one more day.

Mom you have been gone for a month now, and it still does not seem real. Just this past weekend at the grandbabies birthday party me and you got Isabella the same present cause you told me that you took yours back and when she opened it I asked who got that and they said momma and with out thinking I said im gonna kill her just like if you were at home in longview or something. and every Monday I always catch myself picking up the phone to call you like we did every Monday and on thanksgiving we would talk after i cooked all the food and sat down to eat but not this time. man mom I wasted so much time butted heads over everything with you trying to prove I was right and now I see that we always butted heads cause we are so much alike. I know that you were the best mom you could be and you were always there for me and I don't think I said thank you enough or that I love you enough. you worked yourself to death trying to take care of all of us, and you never got the thanks you deserve and for that I am sorry. you will always be remembered and love. My Mother, My Friend!!!!!!!

Cuz - "Life" and geography separated us later in life, so I only have memories of growing up around you. I'm so happy to know that you have a loving, supportive family in your children and grandchildren; you will be sorely missed here on earth. Pass my love around to the folks gone before. Our deepest condolence to Lavonne's family. May the Lord hold you in HIS arms in the difficult days ahead. Peace, and comfort....Ada (Rounsaville), Mike & Hannah Morris

Granny, it's hard for me to know your gone knowing how excited you were to met Tristyn. You would always be the first one to say "come here let me feel my grandson" I'm going to miss that. But don't worry we will & always tell Tristyn all about you & MaryAnn, he would've loved you ohh so much, and when he comes into this world I know you'll be guiding me & baby marino with strength! I hate that you personally don't get to met him, but I know your presents will always be within us! David, Tristyn & I Love & Miss You So Much!

Moma you were always so strong and giving. I'm not going to lie, I am so mad at you for lying to me. You told me you roll down the aisle at my wedding and help with Tristyn. You told me you wasn't going anywhere and even though Mary Ann was gone you was staying with me. Every morning we drank coffee together and fought about everything. I know I'm 37 but I'm greedy and I need you. Why did you leave me? I'm suppose to put you in the ground today, how can you ask your baby to do that. What am I suppose to do without you?

Hey Aunt Von, I just wanted to tell you I love & miss you. I know we were not close, but I wish I could of told you that I loved you one more time before you went. It's sad to think about the last time we talked, is the last time I would ever hear your voice. This family is grieving & taking so much over your passing & Mary Anns. The only good things that come of this is that you have no more pain & suffering, & I'm sure your up there rejoicing with the lord & walking/running beside Mary Ann. Also Tell Big Granny I love & miss her, & look after Jusiah & all our babies that didn't get to make it to this world. Ill love & remember you always Aunt Von! R.I.P
