I loved you the moment I knew you were to be. Your Mom is so special to me therefore you were special before you even began. I feel like if my prayers would have healed you here on earth and it was God's will then it would have been so because I have prayed dutifully and faithfully for you. God decided your place was with him and therefore I shall change my prayers to peace for the hearts you left behind. I cannot wait to see you, hold you, and rock you in my arms when I get to Heaven. Melinda will be there guiding you until I see you again sweet baby.

My heart overflows With much love and thankfulness that I was able to love on Cruz and spend as many moments as I did with him. Matteo melted my heart and truly new how to show his brother love and support during some very difficult times and I was blessed to work with the best parents I have ever worked with. My heart is sorrowful that he is gone and that we are all hurting but I pray for peace and comfort for your whole family. I know that Cruz can feel the immense amount of love that surrounds him from above and below as he will always be in our hearts and is now resting in Gods loving arms. Lots of love and hugs.....
