I would like to extend my deepest sympathy to the family, extended family, friends and all who knew Vicki. I have had the pleasure of substituting at the same campus where Vicki substituted for many years. I truly enjoyed her company and loved it when we were subbing in classrooms close together, and especially when we happened to have our lunch breaks or recesses together. The teachers always loved it when she subbed for them because she did such a great job, and they always knew they didn't have to worry when she was in their classroom. She did her job with confidence and a laid-back manner and was a natural with children. She will be greatly missed by all at our campus. You all are in my prayers... Ramona Pitner

My Dear Cousin, my heart is heavy, my tears flood freely and my memories of our childhood summers together are forever etched in my heart. There was no better place to be than Bigmama and Grandad's house. Playing Barbies for endless hours, making mud pies, catching grasshoppers for fishing when Grandad came home, helping Bigmama in the garden and Pepsi floats before bed. So much fun. And that was when kids had to make up their own games. I will never forget those times with you, I will miss you. You are loved by so many, it's hard to imagine you not being in this life with us but I will look forward to seeing you again one day in our new life. Please have the Barbies ready. I can't wait! I love you. Till our summer comes and we meet again, Kenna Beth ❤️

I wish I could attend her celebration of life because it will be. Vicki walked the walk and talked the talk of a fine Christian woman. That is what I will remember about her the most, but her kindness and doing that little extra for someone. I'm so sad right now but I know I will see her again . Daniel sending my ll've and prayers to you and your family.

She was a precious servant of our Lord and spread His love each day. May you all feel His precious hands of comfort in the days ahead. You are lifted up in prayer.
