I believe Randy married 5 couples in our family including me and my husband. He was carrying the ceremony on when all of a sudden, we looked and he was laughing, his Bubba teeth had fallen down. Well that stopped the wedding for a moment because we all stopped and had a good laugh. Randy you will be missed but never forgotten. We love you and Go rest high on that mountain, your work here is done. We'll see you again soon.

Randy was always a prankster. He married me and my husband in 2017 and as we were coming down the isle we looked up to see that he was wearing a cat in the hat hat and wore it the entire service. He then at the end of the ceremony said I now introduce Ronnie and Carla Shepard and before he could finish I said can we kiss? He said yeah you can kiss. I said he forgot the best part lol. We all got so tickled. We loved Randy and he will be truly missed.. Fly high Randy...

I had the privilege of working with Randy when I was on the tech division for LISD. Randy was always kind and gentle and would go out of his way to help me when no one else would. I'm sad to read of his passing and know that he won't get to enjoy a long earthly retirement, but I know our memories of him be one we will all cherish. -Karen Bozeman

Two Things come to mind.. The 1st one I was younger and was basically sent to visit, Mainly because I guess I was a wild child. i remember the Satellite TV, And the nintendo games. What reminds me about the satellite was the satellite that he had I think it's a 6' parabolic dish that was on a motorized Carrier. Back then you had to point the dish at different satellites to pick up I think it was 24 different channels per satellite. That was interesting and then the games that we played on the nintendo. Back then he also taught me how to rebuild an alternator when he owned that shop. The 2nd thing that comes to mind was the last time I actually visited and had my daughter Kendal with me. We went out and bought about 70 \$80 worth of fireworks. We took Them all back to his house and later that night set Them all off. I remember Lujan Came out and was worried we were gonna start a fire. That was a good time. Randy you'll be sorely missed, We'll do whatever we can to keep you from voting Democrat! ;)

Met him in October 1987. Through The Holy Spirit, Randy and a few others I was given a second chance in life. Though I lost touch with him after he closed the alternator shop we shall meet again in The Kingdom of Heaven. Randy = My brother in Christ - John P Vickery IV
