To my friend Robert (Ricky) as I would call him from an inside joke for many years. Thank you for all the memories for the past 25 years. It has been a heck of a ride and you are at peace now. I will miss our weekly or even daily conversations about work and life in general. You were always a great friend to me and I will miss you dearly. I know selfishly I wanted you to stay around a little longer, but god has plans for you. Just know that I love and miss you my dear friend.

With Brent being my best friend growing up, Robert was essentially my second dad. He loved his sons more than anything and would go to the ends of the earth to make sure they were taken care of. His home was always a safe haven, and I always knew I was welcome at anytime. I will never forget the trips to the Rangers games, him driving us to the ball fields to just let us play baseball anytime we wanted, him letting me tag along on days out in Longview, and just always being good to me. He is now getting to see Timmy again, which is comforting to me because they have a lot to catch up on. My prayers are with Brent, Joe, Linda, and the rest of the family as they say their final goodbyes to him on this earth, and we can take heart in knowing this isn't his final destination and that we will see him again one day. Thanks you, Robert, for all that you have done for me. I could never repay you for being there when I needed you most. Until we meet again - rest easy my friend.

We are blessed to have known Robert and feel grateful to be able to say he was our friend. Robert routinely helped us in our law office by providing his investigative skills to help mitigate cases and prepare witnesses for Court throughout the years. We also got to know him on a real personal level. Robert truly loved his family. We are sending our thoughts and prayers to Robert's family during this difficult time as well as in the days to come. Rest in peace dear friend. Sincerely, J. Paul and Glenda Nelson
