“ some of my greatest memories revolve around time spent with Darlene, Buddy and the kids. They would come to Indiana during the winter and we would go sledding and the joy it brought all of us was amazing. This woman was like a second mother to me and her sweet loving spirit will be missed by all. Darlene and my mother were practically sisters and that added to the joy. Watching them together was so heartwarming. It was also fun to watch Buddy and Darlene with my parents. They shared a wonderful bond. Love you Darlene and I will miss you terribly

“ Darlene was like a sister I never had as we live together several years while growing up.
After we married and started our families we visited as often as we could, even though we lived miles apart. I'll miss you my dearest cousin and the good times we had together.
